PROFESSIONAL SUMMARY

Data Engineer with 3+ years of experience designing and maintaining scalable **ETL/ELT pipelines**, **data integration solutions**, **CDC workflows**, **data migration processes**, and **cloud data platforms** across **AWS** and **GCP**. Professionally certified across **AWS** and **Google Cloud**, with hands-on experience in **AWS Glue**, **PySpark**, **Python**, **SQL**, **Amazon Redshift**, **AWS DMS**, **SAP OData**, **PostgreSQL**, **MySQL**, **GCP Cloud SQL**, **Kafka**, and **Apache Flink**. Experienced in data extraction, transformation, data quality, data warehousing, pipeline optimization, troubleshooting, production support, and delivering reliable cloud-based data solutions.

CORE COMPETENCIES

Data Engineering: ETL/ELT, Data Pipelines, Data Integration, Data Migration, CDC, Data Warehousing, Data Quality, Data Validation, Data Modeling, Schema Design

Cloud: **AWS** (Glue, DMS, Redshift, S3, RDS, Kinesis, Lambda, Athena, CloudFormation, OpenSearch) — **GCP** (Cloud SQL, BigQuery, Dataproc)

Data Processing: PySpark, Apache Kafka, Apache Flink, AWS Glue Streaming, Apache Airflow

Programming: Python, SQL, Scala, Pandas

Databases: PostgreSQL, MySQL, MariaDB, SQL Server, Oracle, MongoDB, DynamoDB, Redis

BI and Tools: Amazon QuickSight, Power BI, Looker, Git, CI/CD, Docker, Linux

PROFESSIONAL EXPERIENCE

Data Engineer — Workmates Core2Cloud, Kolkata

Dec 2023 - Present

- Designed and maintained scalable **ETL/ELT data pipelines** using **AWS Glue**, **PySpark**, **Python**, and **SQL** to extract, transform, validate, and load data into Amazon Redshift.
- Developed an end-to-end **SAP data integration pipeline** using **OData APIs** and **AWS Glue** to extract SAP data, perform transformations and data quality checks, and load curated datasets into **Amazon Redshift**.
- Built centralized data warehouse pipelines integrating **SAP**, **MoEngage**, **GA4**, and **GCP Cloud SQL** into Amazon Redshift for analytics, reporting, and KPI dashboards.
- Migrated and centralized **5+ PostgreSQL Amazon RDS databases** using **AWS Database Migration Service (DMS)**, implementing Change Data Capture (CDC) workflows across multiple schemas.
- Developed **SQL Server to Amazon Redshift CDC pipelines** for continuous data replication, transformation, validation, and downstream Power BI reporting.
- Implemented **zero-downtime database migration and ELT workflows** using **AWS DMS**, **PostgreSQL**, automated transformations, and scheduled processing.
- Performed **data quality checks**, **source-to-target validation**, **schema validation**, **SQL optimization**, **troubleshooting**, and **root-cause analysis** across ingestion, transformation, and warehouse layers.
- Built automated **RDS MariaDB to Amazon S3 archival pipelines** and serverless cloud cost monitoring solutions using **Lambda**, **S3**, **Athena**, **QuickSight**, and **CloudFormation**.

Application Developer — Computer Software Solution LLC

Aug 2022 - Dec 2023

- Developed and maintained **Angular web applications** and **Android applications** using **REST APIs**, **MongoDB**, and application data flows.
- Troubleshot database, API, and application performance issues and collaborated with development teams using **Git**.

PROFESSIONAL CERTIFICATIONS

AWS Certified Data Engineer - Associate — **AWS Certified Machine Learning Engineer - Associate**

AWS Certified AI Practitioner — **Google Cloud Professional Data Engineer**

Google Cloud Associate Cloud Engineer — **GitHub Foundations**

AWARD

Customer Engagement Champion - Database Team, Workmates Core2Cloud

EDUCATION

Master of Computer Applications (MCA), Techno India University

Aug 2022 - Jul 2024

CGPA: 8.64

Bachelor of Computer Applications (BCA), Techno Main Saltlake

Aug 2019 - Jul 2022

CGPA: 9.34
